

Canton of Zurich

# Government Council 2022/2023

**Hello and welcome to Canton Zurich, a place that brings so many things and so many people together: town and country, tradition and innovation, Switzerland and the whole world.** An extensive road and rail network cuts distances between cities and villages, built-up areas and nearby nature. Zurich is Switzerland's economic powerhouse, a base for numerous international companies operating in financial services, life sciences and ICT and home to a robust SME sector. The airport is a hub for dozens of connections to Europe and overseas. Last but not least, Zurich is an important agricultural canton.

Between the Rhine and the foothills of the Alps, 1.56 million people live in our region. Every year thousands of girls and boys start their school career. They have access to one of the best education systems in the world, with everything from kindergartens to top-ranking universities. The canton directly benefits from this as well. The canton also provides stable legal structures, a solid financial policy, outstanding healthcare and a diverse range of culture and arts.

Together with my colleagues on the Government Council, I work to make sure that Zurich remains a prosperous canton: an attractive place to do business and a great spot for its residents to live.

Ernst Stocker

President of the Government Council of the Canton of Zurich

The Government Council is the supreme executive authority in the canton. Its seven full-time members are elected by popular majority vote every four years. The Government Council's duties include:

- Drafting laws, amendments to the constitution and legislation and spending bills for approval by the cantonal parliament or the electorate
- Managing a cantonal administration with about 33,000 staff
- Determining the interim and long-term goals of government policies
- Supervising the various authorities
- Preparing the budget
- Representing the canton within Switzerland with respect to the Confederation and other cantons
- Negotiating international and intercantonal agreements
- Ruling on administrative appeals
- Recruiting top-level administrative staff

# Department for Economic Affairs

The Department for Economic Affairs promotes and develops the Canton of Zurich as an attractive place to live, work and do business. It's committed to creating a strong location with a good framework for enterprises and the people who work for them. That includes making sure those looking for a job are rapidly and permanently integrated in the workplace. Directly benefiting people in the Canton of Zurich, the Department for Economic Affairs manages the development of transport. It's in charge of strategic planning for the road, rail and water transport system, focusing on key topics such as expansion of the infrastructure, digitalisation and decarbonisation. The department works to ensure good international air connections and safeguards the interests of the public in matters of noise prevention. This way it does a great deal to the successful business location and maintain the outstanding standard of living in the canton.

# Building Department

The Building Department is as diverse as the Canton of Zurich itself, both mirroring and shaping this very special living environment. Among the department's responsibilities are planning spaces to ensure that, despite such a dense population, there's room for all the things that make the quality of life in our canton what it is: living, working and recreation. This includes a commitment to intact natural landscapes, clean air and water, and to agriculture and forestry. The Building Department is also responsible for infrastructure: constructing roads, schools and hospitals. Its job is to preserve this precious built environment – and the cultural legacy of our forebears – for the generations to come.
